The Mission & Giving Committee is considering which charities to support with remaining PCC funds for this year. We would like to hear from you if there are organisations you would like us to consider. When we choose organisations to support, we seek to enable charities working at the local, national, and international level, considering the five marks of mission:

- To proclaim the Good News of the Kingdom
- To teach, baptize and nurture new believers
- To respond to human need by loving service
- To seek to transform unjust structures of society
- To strive to safeguard the integrity of creation and sustain and renew the earth

Please have a look at our website to see the organisations we support / have supported: <https://www.standrews-chesterton.org/church-life/mission-and-giving/> . For example, knowing that lockdowns are potentially dangerous for people with difficult home lives, earlier in the year we made a donation to "Restored", a Christian charity which seeks to end violence against women by supporting abuse survivors, engaging men in the conversation, training churches for increased awareness, appropriate responses, and referrals.

Please contact Sharon Neufeld (sharon.neufeld@gmail.com) with any suggestions. We appreciate your input.

Here at **Cambridge Money Advice** we are seeing the impact of the pandemic on peoples' finances first hand. We are continuing to see clients and give them the help they need but now we need to reach out into the wider community to **ask for volunteers**. We need to find a trustee treasurer and would also like to grow our small team of trustees. You would be supporting an amazing work in the local area giving hope to those who feel there is none.

If you would like to be more hands on and work directly with people in debt we are also looking to recruit more volunteer advisers. You provide the passion for helping people in debt and an eye for detail and we will provide the training and support. At present we are working remotely but hope to return to some form of face to face advice in the future. This is a long term opportunity to make a real difference in the lives of people living in and around Cambridge.
